Sunny

tears

the doll that

REALLY cries HAPPY tears

So New-- --

So Realistic

So Cuddly

Has all the play features

"Little Mothers" adore

*Feeding Time*

Sunny Tears loves to be fed. Cuddle her in your arms like a real baby and feed her from her own nursing bottle.

*Wets Her Diapers*

After each feeding, like any baby, Sunny Tears will wet her diaper. Change it, dry and powder her.

*Has Sweet Cooing Voice*

When Sunny Tears has finished her nap pick her up and gently squeeze her body. Her sweet cooing voice will tell you whether she wants to be fed or go for a visit in her party clothes.

*Cries Happy Tears*

After feeding, set her up and tilt her slightly forward. Pat her gently on the back, then sparkling tears will well up in her eyes and roll down her cheeks. Sunny Tears' bib will keep her clothes from getting wet. She will cry many times from one feeding, just lay her down and set her up.

*Goes to Sleeps*

Put on her nap-time clothes and lay her in bed and her long-lashed eyes will go to sleep.

Movable head, arms and legs makes Sunny Tears so easy to dress and care for. Made of finest flesh-like vinyl, she's tubbable and can be bathed. There are no parts to rust or wear.

*Sunny Tears*

"SUNNY TEARS" will last for years and become a loving part of any family group. But, like any baby she must be treated with care. She cannot be abused and should be fed only clear water from her nursing bottle.
